

Deployable Ground Support Systems for Aircraft #3 Supplied, Serviced and Managed by The Air Doctor

TADNITGEN1
Portable Nitrogen Generator

TADSR20
Static Bonding Reeler

TAD ELZK
Landing Zone Kit with mutli colour
lamp including infra red

TAD N2BP
Nitrogen Booster Pump
Up to 300BAR

Model: TAD2030RAPID DRY
Rapid Dry System
Ultra Dry Air for Corrosion Control,
Airwave Guide and Radar Drying
Fuel Drying

TAD60FGT60L
Deployable Oil Trolley
Caribou Approved
NSN: 4930-66-156-5707
Cage Code: Z8364

TADVAC-2
Pneumatic Life jacket deflation kit
Compact
Cage Code: Z8364

TADVAC-3
Pneumatic Life raft deflation kit
Cage Code: Z8364

TAD Vacuum Cleaner
Pneumatic Operation
Cage Code: Z8364

Deployable Fuel Tank Repair Systems

Aircraft Fuel Tank Ventilation Kits

Dehumidification & Corrosion Control Systems

Mothballing Systems to Protect your Equipment

Fuel Drying Systems

Deployable Breathing Air Compressors

Deployable Breathing Air Purifier

Confined Space Entry Humidity and Temperature Control Systems

Nitrogen Generator Systems

The Air Doctor Design and Custom build for your specific application also providing training and certification.
